

Dean Lee – Colloquium Seminar – March 21, 2024
MSU

Title:
FRIB Theory Science Highlights

Abstract:
With the start of the FRIB science program in 2022, we have entered a new era of nuclear science and applications. This talk is the first of a two-part series that explores the compelling science questions being addressed at FRIB. In this talk, we present and explain several recent science highlights featuring the work of theorists at FRIB.
